

TO MAXIMIZE AEON ORAL SPRAY GROWTH HORMONE ENHANCER AND HORMONE STABILIZER

Please be certain to REMEMBER to take **3 Sprays** in the MORNING right when you wake up, (under the tongue or inner cheek of the mouth) at least fifteen (15) minutes before breakfast, and **3 Sprays** at NIGHT after brushing your teeth before going to bed. Many people keep **AEON** right next to their bed stand for convenience.

Also, please allow the **AEON** ingestible oral spray growth hormone enhancer and hormone stabilizer to remain in your mouth for a good 60 to 90 seconds before swallowing it. This is VERY IMPORTANT for your success with the product!

Further, it must be emphasized, if at all possible, that you not EAT at least 15 minutes BEFORE taking **AEON**, and wait to eat or drink until at least 15 minutes AFTER taking **AEON**. If you follow the simple “3 Sprays in the Morning” and “3 Sprays at Night” routine, this should be a simple lifestyle addition to follow.

Continue to take all supplements and medications just as you normally would.

Exercising, especially resistance training will help increase growth hormone action. Please be certain to consume sufficient protein throughout the day to support tissue regeneration and repair at night while you sleep.

Please be certain to maintain sufficient water intake throughout the day to re-hydrate the cells and assist in eliminating toxins.

We suggest you visit our website, www.AntiAgingResearch.com for additional information.

The best way to experience the benefits of **AEON**, or any nutritional supplement, is to try it over a reasonable period of time.

As for the issue of when to expect results, make note of these important points:

As we know, no two people are the same and most everyone’s metabolism is different from another’s. Therefore, some individuals may experience the subtle, life-changing results somewhat sooner than others and notice a natural increase in their energy levels, while on the other hand, a certain percentage of persons may require a little more time to see the results they desire.

Also, it is not uncommon for some few individuals to actually feel a bit tired or somewhat sluggish when first taking **AEON**. This is due to the body’s metabolic systems now being activated through the regenerative process when enhancing nutritional processes.

This activation of the body’s metabolic systems would naturally also include one’s detoxification process. When toxic materials are being actively transported out of one’s body at a higher rate of removal, it is sometimes likely that these materials, until they

are more completely removed, could cause the body a temporary feeling of lack of energy. If this is noticed at all, it could last for a few days or up to a few weeks. Simply allow your system a brief time to balance itself if needed, and look forward to the life changing benefits thousands of our customers have enjoyed in their lives.

Cellular Regeneration

It is important to realize that the expectation of instant cellular transformation into a youth-filled 21 year old is simply unrealistic to expect from ANY product. You must allow your body a reasonable amount of time (a few weeks to a few months) to cellularly regenerate so that you can see and feel your desired results.

As an example, many customers have told us that when they run into some friend whom they haven't seen for several months during which time they have been using **AEON**, the friend invariably asks, "What have you been doing? You look great. Have you been on a diet? Have you been exercising? You look so much better."

Thousands of satisfied customers have placed their trust in **AEON**, and have greatly benefited from the use of our outstanding oral spray growth hormone enhancer and hormone stabilizer, and you can surely benefit, too.

Nutrient Supplementation

Additionally, and quite importantly, as a result of the newly activated **regenerative processes**, the **nutritional demands** now placed on one's metabolism *requires additional nutrient supplementation* for **maximum** results.

To directly address this need, as well as overcome the initial possibility of sluggishness due to toxin removal as mentioned above, we have created our exclusive **Longevity System Rx Anti Aging Power Tri-Pac**. It is a powerful, intelligently designed combination of **Growth Hormone enhancing, cellular fortifying, and cleansing nutrients** never before offered by anyone from any source.

Exclusively from AARL, the **Longevity System Rx** contains three (3) uniquely formulated products that will powerfully enhance your **Anti-Aging** efforts and directly maximize your Growth Hormone Therapy. The **Longevity System Rx Anti Aging Power Tri-Pac** includes: **Mineral Matrix Rx, Essential Vita Rx, and Amino Rx**.

Once you try them, you won't ever want to be without them.

We are steadfastly committed to your health and well-being. If there is anything that we can do to assist you in your quest for a vibrant and healthy life, please call us toll-free at: 1-888-AntiAging (268-4244).
