

Elevating Biological Performance to it's Highest Levels

When taken simply by itself, ESSENTIAL VITA Rx provides maximum nutrition, however, ESSENTIAL VITA Rx supplies a strong synergistic action when used with our AEON Ingestible Growth Hormone. Their synergistic effects multiply your youth promoting efforts, so you'll look better, feel better and perform better! Excellent for both men and women, in extending youth and youthful living and demand much more than merely another "super" vitamin pill. At AARL, we provide the definitive natural nutrition source for strength and longevity. Considering that our food supplies today are not what they once were and stresses from our lifestyles and living environments are extremely nutrient depleting, as well as an overwhelming body of scientific evidence that multi-nutrient supplementation optimizes health, many who seek to remain healthy and young have wisely taken a daily multiple vitamin. However, unlike ESSENTIAL VITA Rx most multi-nutrient products in the marketplace are terribly deficient when it comes to objective analysis of nutrient potency, purity, completeness and absorbability. These important factors as well as many others determine the ultimate benefit you derive from a nutritional supplement.*

Dosage: As a dietary supplement for adults, take two (2) capsules twice daily with meals, or as recommended by a Healthcare Professional.

KEEP OUT OF REACH OF CHILDREN
