

Mineral Matrix Rx™ "Anti-Aging Bio-Water Complex"™

Much More Than Merely Minerals

Mineral Matrix Rx™ provides you with a technologically advanced plant derived mineral complex.

Fortified with aloe vera, **Mineral Matrix Rx™** comes to you in a never-before supplied foundation base of molecularly modified water created through an exclusive nine stage process.

Mineral Matrix Rx™ can have a profound benefit on your body's cellular hydration level, mineral balance and efficiency, providing the necessary building blocks for optimal hormonal and cellular health.

Mineral Matrix Rx™ promotes healthy cell regeneration and the critical removal of toxins.

Your body demands specific nutrients because of the nutritional demands on every cell created by the regenerative processes activated by Growth Hormone Therapy.

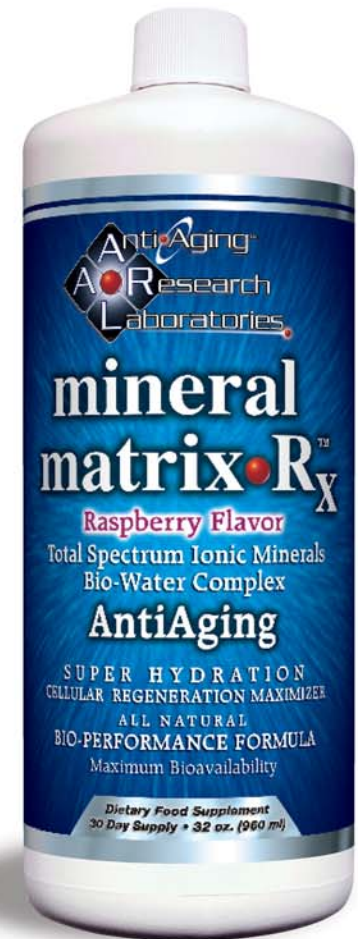

When your body runs more efficiently at the cellular level, all of its systems function more smoothly and you feel better, have more natural energy, and are provided the best opportunity to live a longer, more rewarding and youthful life.

Mineral Matrix Rx™ nutritionally supports your body's natural processes directly related to:

- Cellular delivery and absorption of nutrients, water and oxygen
- Removal of cellular waste residues
- Assimilation and activation of nutrients that feed your cells
- Efficient cellular metabolism and maximum hydration
- Maximizing the potential of Growth Hormone therapy
- Increased blood alkalinity enhancing oxygen carrying capacity

Most People are Unaware

The water and liquids you drink are very different from the fluids your cells require for proper metabolism. Cells exchange water through specific channels in their membrane walls. These channels only allow a single water molecule at a time to enter the cell where the metabolic magic of your life is conducted. Most people are unaware that their bodies must go through the critical metabolic process of breaking down the water and liquid molecules you drink into a form that can gain entry into the cells to perform their essential work.

The Wonder of Water

Water is the medium for almost every bodily function. Any water deficit – even the slightest sub-clinical deficiency of water into the cell – impairs every biological process in the body. Proper cellular hydration helps control metabolic acidity, increase energy, reduce autoimmune damage, reduce stress, keep joints flexible and pain free, improve circulation, maintain young and beautiful skin, help balance proper blood pH, improve digestion, increase fat burning, help the body withstand wear and tear, promote DNA repair, and increase resistance to viruses and other infections. In contrast, when cells become dehydrated, a dangerous metabolic state is triggered, resulting in muscle wasting, cell hypoxia (lack of oxygen), DNA damage, and other signs of premature aging. Hydration is also critical in supporting your body's anti-oxidant process, which protects against free radicals, autoimmune disorders, aging and disease.

The Power is in the Water

Mineral Matrix Rx™ uses an exclusive nine-stage scientific molecular water modification process, combined with certain minerals, to form a unique water "Matrix" that is more readily received into the cell. Acting as an enhanced delivery system, **Mineral Matrix Rx™** brings in nutrients, oxygen and water to hydrate and nourish your cells for maintenance and healing, while promoting the efficient removal of cellular wastes and toxins that can otherwise accumulate and rapidly advance the aging process.

Cellular Exchange

This vital "*in with the good, out with the bad*" activity refers to the ability of **Mineral Matrix Rx™** to nutritionally improve your "cellular exchange rate." The longer that toxins and free radicals are left in your cells, the greater the chance they will begin to harm your DNA, disrupt cellular regeneration and accelerate your aging process.

Drying Out — Why You Need Mineral Matrix Rx™

When you are young, your body performs this cellular exchange task well. As you age, your ability to efficiently perform this vital function significantly decreases. (Ever heard of an elderly person being referred to as "old and dried up?" Well, quite literally, they probably are.) Aging is the drying out process of your cells and organs.

Hydration — Your Body Needs Watering!

Over time, your cells become more and more dehydrated. While proper diet, lifestyle, exercise, nutrition, sufficient rest and a positive outlook are all important factors in slowing down the aging process, without enough pure water in your cells, you'll never achieve an optimum level of health. Simply attempting to drink more water or fluids won't do you any good if your cells do not possess the capability to receive hydration due to a poor cellular exchange rate. **Mineral Matrix Rx™** enhances the exchange rate of your cells.

Skin Signs

Most often, the signs of aging are seen in your skin. To maintain their youthful appearance, skin cells require constant hydration to regenerate and repair, become more supple and less wrinkled, and avoid damage resulting from the accumulation of wastes, toxins, and environmental pollution. **Mineral Matrix Rx™** can offer you a chance to change the way you look, especially when used in combination with our exclusive Skin System Rx™ formula.

The Mineral Matrix Difference — How it Works

Mineral Matrix Rx™ Bio-Water Complex precisely modifies the pure water or juice in which you mix it. The enhanced liquid is accepted into the cell in a molecularly compatible form for maximum hydration and cellular exchange. **Mineral Matrix Rx™** also delivers balanced nutrition from the richest available source of aloe vera and vegetarian mineral complex (containing vitamins, macrominerals, trace minerals, amino acids, essential fatty acids, enzymes, and whole food phyto-nutrients).

New Technology Provides Solutions

Our formulation techniques are redefining the processes and nutraceutical development practices within the health, nutrition and Anti-Aging industry. **Mineral Matrix Rx™** supplies you with a perfectly balanced nutritional supplement that is excellent for hydrating your cells and helping you achieve metabolic balance, so your entire body can function with vibrant and youthful efficiency. For a list of ingredients, go to www.antiagingresearch.com/MineralMatrixLabel.pdf

Suggested Use

Simply mix one tablespoon of **Mineral Matrix Rx™** Bio-Water Complex into 8 to 32 ounces of pure water or juice twice daily. Two tablespoons can be mixed with up to 64 ounces. **Mineral Matrix Rx™** can also be mixed with smaller quantities of pure water or juice if desired.

NOTE: For maximum benefit we recommend that you limit your intake of tap water, all carbonated drinks, regular or decaffeinated coffee, non-herbal teas, sugary drinks, and alcoholic beverages. (A daily glass of wine is ok.) These liquids are not merely filled with empty calories and caffeine, but can also disturb your body's cellular and metabolic efficiency. When you consume these types of liquids, you work against your body's natural balance.
